

**SYMBOL: 112131**

## DESCRIPTION

Downpipe completely made of acid resistant steel (T304, X5CrNi18-10, 1.4301, AISI 304, 0H18N9). Each element of the product is made using CNC technology.

The downpipe has the following connections: two lambda probe sockets, one tube for the pressure test tube, super-flexible connector with a built-in stainless steel reinforcement conduit with a very small outer diameter, which makes installation easier.
